Clinic Phone Numbers:

DSN: 469-7972

Fax: 0951-133-7110

Capabilities:

We offer full service veterinary care. General small animal veterinary practice includes outpatient clinic, yearly exams and immunizations. Medical and surgical services include routine elective surgery (spays, neuters, prophylactic dentistry), general surgery, x-ray diagnostics, and isoflurane anesthesia. Facilities include three treatment rooms and one surgical suite.

Limitations:

Due to our level of staffing and other military obligations, the Bamberg VTF is unable to provide 24 hour emergency service with in-patient critical care hospitalization. Animals requiring this level of care will be referred to civilian host nation veterinary facilities providing these capabilities.

Access: Patients are seen by appointment and some walk-ins on a case-by-case basis. Emergencies are seen during office hours. Calling ahead is advisable for non-appointment visits due to the possible lack of an attending veterinarian. After hours emergencies are referred to an off-post facility, but will be seen if a veterinarian is present at the facility.

Referrals:

Patients may be referred to local specialists or specialists in Nurnberg, Munich or the 51st Medical Detachment (in the Kaiserslautern area) depending on the problem. Civilian referral clinics are

available and are coordinated through the VTF. Specialists in internal medicine, surgery and ophthalmology are available in the civilian sector.

Emergency Care:

Emergencies are seen during normal operating hours when a veterinarian is available. After-hours emergencies should seek care from an off-post provider. A referral list is provided outside the VTF and a copy is included below:
